ASTIGMATISM.

What It Is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the eye known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful instrument. Office hours 8:30 to 12:30; 2 to 6. 302 1/2 S. Elm St.

REV. JOHN E. WHITE.

Preached two powerful sermons at
the Baptist Church yesterday.

Rev. John E. White, secretary of the board of missions, filled the pulpit at West Washington Street Baptist Church yesterday morning and evening and preached two powerful sermons.

Dr. White is a man of commanding appearance, a deep thinker, a logical reasoner and a fluent speaker. In the morning he chose as his text, "The field is the world," Matt. 13:38, and directed his able discourse in the interest of missions.

Among other things he said the world is no more than a field and the field is no less than the world; this is God's conception of the world and the field, the former being given to man to use for God's glory. The world and all that is in it exist for the glory and honor of the proprietor. God offers the world for a harvest and we are the tenants and must sow the seed and reap the harvest for His kingdom.

According to the philosophy of trade and the principle of commerce, all lines of business must not be run not for the benefit of the investor but for the glory of God. Christ spoke as an imperialist when he said, "Go ye into all the world," etc., and if we obey his command we are imperialists. If we believe that God is a sovereign of the world then His Book is for the world. If we want a better gospel we will have to get a better G. d, which we will find an impossibility.

If money given for missions would save China it won't save North Carolina. For a person to be a Christian is to be a missionary Christian. We have been wrongly taught on missions. The great fundamental reason to give to missions is because God demands it. The question is, can the heathen be saved with the gospel? This is the supreme motive and the supreme work. Whole villages and communities have been swept into the kingdom by it. The gospel can save, that's what it does, that's what it's for, that's its supreme mission, and its motive. Christ came out of a race of sinners to save sinners; this is a precious thought. He can save to the uttermost. God's omnipotence is the pledge of His sovereignty over the world. Never was the demand for workers so great as at present.

A collection for missions was taken at this service. In the evening Dr. White took his text from Mark 15:30, and summed up the text by discussing in a forceful and an original manner the following questions: Could Christ have come down from the cross? If He had, what? Why didn't He come down? The speaker's illustrations were beautiful and inspiring; his lessons practical and helpful, and his reasoning deep and effective.

President McIver at A. and M. College.

Tonight at 8:30 o'clock President McIver will address the teachers and friends of the summer school in the chapel of the college.

Dr. McIver's reputation as a well known and enthusiastic educator interested in the uplifting of the masses should insure his having a large audience. Prof. M. C. S. Noble's address last Friday night was quite practical and was appreciated by those who were so fortunate as to be present.

City High School.

The school board has closed the contract with J. N. Longest to make the necessary changes in the old Catholic church building for the high school. This is a step in the right direction. The schools of Greensboro stand at the head and should be kept there. The school board are faithful and efficient men who earnestly desire and work for the success of the city school and they should have the support of every citizen of Greensboro.

Reserved Seat Plan Now Open.

The reserved seat plan for all of the entertainments of the week at the Academy is now open at John B. Fariss' drug store. The object in opening the plan today is to accommodate the citizens and afford them an opportunity to secure good seats before the crowd comes. Tomorrow they will be here so if you get any good of this special opening you must take advantage of it today.

When Mayor Facts Mayor.

Amos Phillips, better known as "Chub," the mayor of Duplin, got drunk and rowdy in the little suburb, whose affairs he has the honor to conduct to a certain extent, yesterday and Chief Scott, whose authority is not so limited, landed Chub in the calaboose. And the mayor of Duplin will answer for his conduct before Mayor Taylor this afternoon.

THE CHAMPIONS ARE HERE.

The Newbern Firemen Came In
at Noon Today.

GETTING READY FOR THE RACES.

Program for Tuesday and Wednesday—The City Already Filling
Up With Visitors.

Tomorrow morning at 10 o'clock the North Carolina State Firemen's Association convenes in the court house here and on Wednesday morning the eleventh annual firemen's tournament in connection with the Guilford County Industrial Exhibit begins. With the opening of the festivities on Wednesday will begin the greatest firemen's tournament ever held in the state. Greensboro's citizens with their proverbial liberality have offered the highest prizes the firemen of the state have ever competed for, thereby making the competition more lively than ever before.

Visitors to the tournament began arriving Saturday, and some arrived on every train yesterday. The noon trains today brought large numbers of people from the eastern and western parts of the state and many more will arrive tonight. The city is elaborately decorated for the occasion and the hand of welcome is being extended to every visitor.

NEWBERN FIRST TO ARRIVE.

The first firemen to reach the city were the members of the Newbern Fire Company No. 1. They came in on the noon train from the east today, the firemen and their rosters numbering forty. The company owns the following apparatus: one fire engine, one hose wagon and a hand reel. They are the present champion race runners of the state and are of splendid physique. The company comes with a determination to win the belt again and arrived today for a final practice on Summit Avenue this afternoon. Their horses and apparatus will come up this afternoon by freight. L. A. Taylor is foreman and Hugh Wood assistant foreman of the company. L. J. Taylor, statistician of the state association, is among those who arrived from Newbern at noon.

No other companies are expected to arrive until tomorrow, though two delegates from almost every company in the state will arrive this afternoon, tonight or early tomorrow morning, to be present at the meeting of the association tomorrow. These from Wilmington and Fayetteville will arrive this afternoon.

The Greensboro firemen will probably leave home tonight and arrive here early tomorrow morning. Fayetteville's two red teams will come tomorrow afternoon and the companies from Charlotte, Asheville, Salisbury and other cities in the western part of the state are expected by noon tomorrow. All the firemen will be here in time to take part in the great parade which takes place at 9 o'clock Wednesday morning.

Visitors are expected to arrive tomorrow by the thousands. All the east, west and southbound trains this morning carried three or more extra coaches for the accommodation of the incoming crowds. The Gate City Band will meet all trains during the week, after today, and furnish music at the depot. The First Regiment Band will probably arrive from Asheville tonight. Both the bands will play in the parade and one or the other will furnish music at every meeting during the week.

Three hundred people will come from Raleigh Wednesday, and hundreds will come from High Point every day during the festivities.

The program for tomorrow and Wednesday is as follows:

TUESDAY, AUGUST 1.

Ten o'clock a. m.—Meeting State Firemen's Association called to order by President James D. McNeill. Prayer by Rev. Chas. E. Hodgkin. Address of welcome by Mayor Z. V. Taylor.

Two o'clock p. m.—The Good Roads Congress. Address by Prof. J. A. Holmes, of Chapel Hill. Eight o'clock p. m.—Meeting of the State Horticultural Society.

WEDNESDAY, AUGUST 2.

Nine o'clock a. m.—Grand trades and firemen's drill. One o'clock p. m.—Quick steaming contest by the firemen.

Three o'clock p. m.—Horse Racing.—Purse \$150.00. 3.00 class, trotting and pacing, no entrance fee, three to start, \$100.00. 2.30 class, trotting and pacing, \$10 entrance fee, five to enter, three to start, \$150.00. Free-for-all, trotting and pacing, \$20 entrance fee, five to enter, three to start, \$200.00.

Samson Resumes Command.

By Wire to THE TELEGRAM. Newport, July 31.—Admiral Samson resumes command of the North Atlantic squadron today, after three months leave of absence, during which he enjoyed a rest with his family at Glen Ridge.

NOTICE OF RECEPTION.

Important to Members of the M. and M. Association.

The Merchants and Manufacturers Association will have a reception and promenade concert on Wednesday evening, August 2nd, between the hours of nine and two.

It is contemplated to make the entertainment the most attractive the club has ever given, and in view of the fact that a great many visitors are expected the board of governors have passed a resolution to limit the cards of invitation to one hundred in number, each admitting the invited guest and one lady, and to extend same only to non-residents. This was made necessary by reason of the limited accommodations and to avoid overcrowding.

The board has appointed a committee of invitation consisting of C. G. Wright, Neil Ellington and Reginald Lindholm, to whom the members will please apply for cards of admission, and only such cards as they may issue will be recognized at the entrance of the association's rooms.

The members of the club will please apply or send in names for whom invitations are requested to either of the committee any time between now and Wednesday at 5 o'clock, after which time no more invitations will be issued. The usual cards extending privileges of the association will not be good at the entertainment.

At Centenary Yesterday.

Rev. Dr. Leith, of Randleman, filled the pulpit at Centenary church yesterday at 11 o'clock. There was a large congregation present and they were delighted, instructed and entertained by the able discourse delivered. Dr. Leith is a man of force and power, and his sermon yesterday ranks with the best.

At the evening service, owing to the rain, the service was very small, congregating out to hear Rev. A. W. Plyler. Mr. Plyler is one of the growing young men of the conference and already ranks among the best of the younger preachers. Those who heard him last night speak in very high terms of his sermon.

Speaking of Flags.

There has been a friendly rivalry between two of Greensboro's most progressive wholesale concerns in the matter of flags. The Simpson-Shields Shoe Co. hung out a large flag to the breeze. The Merchant's Grocery Co. saw the aforesaid flag suspended from the battlements above. The result was a telegram brought to the Merchant's Grocery Co. the largest flag up to this time ever unfurled in Greensboro. Messrs. Simpson-Shields, however, have a surprise in the way of flags. It looks more like the big tent of John Robinson's show than an everyday flag.

Cam Smith Leaves.

G. Cam Smith left at noon today for Richmond where he will reside permanently, having accepted a position as dispatcher with the Atlantic Coast Line. Mr. Smith has held a similar position in this city for several years, with the C. P. & Y. V. and later with the Southern. He is a careful and popular young man and has many warm friends who regret exceedingly to see him leave, but wish him unbounded success in his new place. Mrs. Smith will remain here for several weeks yet.

Other Decorations.

A few days ago we mentioned some of the decorations for gala week. In addition to the places named we have since noticed among others: The drug stores of Howard Gardner and John B. Fariss, the Katz Building, the City National Bank, the Peoples Savings Bank, the Greensboro National Bank, and many others are decorating today. By the time the boys all get here the whole town will be in gala attire.

Women Brigands.

By Wire to THE TELEGRAM. Rome, July 31.—A band of brigands, comprising four women, has been captured near Benevento, a city in the southern part of Italy. The women are charged with murder, three attempted assassinations, three cases of serious wounding and a number of robberies. Emma Savonene is the name of the leader of the band.

Two Executions Today.

By Wire to THE TELEGRAM. Sing Sing, July 31.—Lewis Fullerton, a negro, was electrocuted at 8:22 this morning. In fifty-five seconds he was dead, and an autopsy was quickly made. The second man, Michael McDonald, was put to death quickly.

An Elevator Falls.

By Wire to THE TELEGRAM. New York, July 31.—An elevator in the establishment of Funk & Wagnalls fell this morning and three girls were taken out unconscious. The elevator man was severely hurt and three other men were injured.

Dewey on the Way.

By Cable to THE TELEGRAM. Trieste, July 31.—Admiral Dewey leaves here tomorrow afternoon on the Olympia en route to Rome. He will probably touch at Naples, Leghorn, Genoa, Toulon and Gibraltar.

NATIONAL CAPITAL NEWS.

Bits of Fact and Gossip of an Interesting Nature.

REMAINS OF CAPTAIN SATTERLEE

The Artillery Officer Who Died Recently at Honolulu Reached Washington on Saturday.

Special to THE TELEGRAM. Washington, July 31.—The remains of the late Captain Satterlee, of the Sixth United States Artillery, who died recently at Honolulu, arrived in Washington Saturday morning. They were taken almost immediately to a local undertaking establishment on Pennsylvania avenue, being met at the depot by the sorrowing relatives and friends of the brave officer. Among those in Washington are the father and mother of Captain Satterlee, who have been here awaiting the arrival of the remains from San Francisco. The removal from the Pennsylvania station to Lee's undertaking establishment was accomplished without difficulty, or incident worthy of mention. An ambulance of the Red Cross was used to convey the remains. During Saturday the remains were kept at the undertaking rooms, which were surrounded by the many friends and relatives of the officer. Many persons in this city who had known Captain Satterlee called at the establishment to take a last look.

The interment of the officer will take place at Columbia, South Carolina, the former home of the deceased. The remains from this city will be accompanied by his father and mother, his brother-in-law, Assistant Attorney General John G. Capers, of South Carolina, and other relatives. It is expected that the remains will reach Columbia today.

The father and mother of the dead officer who have been in Washington for several days, it is stated have been up well under their heavy burden. They were both at the depot to receive the remains of their son. During their stay in Washington they have taken apartments at the St. James Hotel. They will probably remain at Columbia after the interment of their son for several days, before returning to their home at Monroeton, Pennsylvania.

It is said that during the next congress a bill will be introduced to provide for the printing of the South Carolina colonial records, which were obtained by the state a few years ago from England, and which are considered very valuable. The state of South Carolina had copies of these records made from the originals at a cost of some six thousand dollars, and the manuscripts are now filed away in the state capitol in the office of the secretary of state. The state for some reason is unable to have the printing done, and for this reason a bill asking for an appropriation from the national government will be prepared. The measure will be introduced shortly after the assembling of congress, in the house of representatives by Representative Stokes, of South Carolina, who is taking great interest in the subject.

The statement that Secretary Alger has gone to New England to be absent for a couple of weeks is not understood at Washington, and is not believed at the war department, as the secretary before he left the city had made arrangements to be back at the state department by August first, to be present when the office of secretary of war is formally turned over to his successor, Mr. Root.

At the department it was stated yesterday that nothing to confirm the statement has been received from Secretary Alger, and the belief is that he has gone to New England merely on a personal visit, and that his stay will be very brief. It is thought that he will return here direct from New England, reaching Washington tonight or tomorrow morning, and will be at the office tomorrow, when Mr. Root is expected to take office.

Mr. J. A. Henderson has resigned his position in the general freight department of the Southern Railway in this city and has been appointed to a more lucrative position with the claim department of the Southern. Mr. Henderson was the other day presented with a pair of very handsome diamond cuff buttons as a testimonial of esteem in which he is held by his fellow clerks.

New postoffice has been established at Doer, Union county, N. C. The office is located three miles southwest of Altan and four miles northeast of Rock Rest.

New office has also been established at Harbour, Surry county, three miles northwest of Copeland. Judge Waddill and United States Marshal Treat, of the eastern district of Virginia, were in the city Saturday but both gentlemen returned to their homes in the evening. Both of them went down to Alexandria during the day.

Senator McLaurin, of South Carolina, is in the city for the purpose of entering a protest with the postoffice department against the appointment of a colored postmaster at Florence, S. C.

The following is the cast of "The Diplomate" at the Academy of Music tomorrow night. As will be seen it embraces some of Greensboro's best and brightest dramatic talent:

Count Everloff, a Russian diplomat, Mr. Clarence R. Brown.

Notice to Marshals.

The marshals who have been appointed for gala week, and others who are willing to act in that capacity; also the young lady cavalry and their escorts, will please meet me on Summit avenue Wednesday morning at 8:30 o'clock. W. J. Blackburn, Chief Marshal.

To the Citizens of Greensboro:

The entertainment committee has secured homes for about twelve hundred visitors, and you will confer a favor on the committee by sending any visitor or friend you may wish entertaining for, to either myself or any member of the committee who will take pleasure in securing homes for them. By so doing you will oblige

Steam Roller for Guilford.

The county commissioners have decided to buy a 12 ton Russell steam road roller for work in macadamizing the county roads. This machine is similar to the one used in Mocklenburg. It rolls the ground, pulls a harrow or plow, and runs the rock crusher. The city needs one for its work in the near future.

MONDAY, JULY 31, 1900.

TWO YEARS OLD.

Two years ago today the Telegram made its first appearance on the horizon of newspaperdom. Upon that statement it is easy to calculate the age of the paper. It can walk and talk some, as most children can at the age of two years.

The Telegram did not come into existence with a long string of promises. It was planted here because it was believed there was room here for it to grow. We state with feelings of gratitude to a generous public that it has grown some. It has increased in size, and we hope it has grown in usefulness. What it has been our reader knows. Mistakes may have been made; but there has been no trouble in locating its position. It believes in being either for a thing or against it.

Since the Telegram began its career two years ago we have seen many improvements of various kinds inaugurated in Greensboro. If we have in any degree assisted in this we are thankful, and feel that our coming has not been vain.

Our motto is: Home and home folks against the world; Greensboro, Guilford county and the Tarheel state, first, last and all the time. Good roads and good schools are two great crying needs of the present generation and the hope of the future. We have the latter and must have the former. Our schools are good, but we shall ever strive to aid them in attaining a higher state of perfection and to increase their usefulness. Material advancement along industrial lines, also, will be given a front seat.

Today the Telegram starts on its third year with the same determination which has actuated it in the past, to do all in its power for the moral and material development and advancement of the city of Greensboro and this goodly section.

We desire to express our thanks to those friends of the paper who have so faithfully stood by it in its young days, and hope in the future to merit a continuance of a fair share of their patronage.

The continued improvement in the Raleigh Morning Post is a matter on which the management is to be congratulated. Editor Furman is at all times level-headed, and he is giving the state an old-time democratic paper. He preaches sound doctrine, and there is no wild-cat foolishness about it. Besides the sound and conservative editorial policy of the Post, its new service is excellent and its general matter and tone is on a high plane. Yesterday morning's paper, sixteen pages, was a gem in makeup and character of matter.

Mr. A. Saunders, writing from Coconaut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by C. E. Holton.

Artist—"Yes, my picture's in this group, and in my opinion it's very badly hung." Candid Friend (pointedly)—"Yes, indeed; I was just commenting on the poor execution."

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. C. E. Holton will refund your money if you are not satisfied after using it. It is every where admitted to be the most successful remedy in use for bowel complaint and the only one that never fails. It is pleasant, safe and reliable.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chili Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

Wm. Rommel commenced the erection of an annex to his house on Wilkesboro street today.

Mr. and Mrs. W. E. Lewis and children went to Greensboro yesterday for a visit to relatives.

W. C. Bain represented Greensboro in High Point yesterday.

Don't forget that "Captain Dick" the beautiful military play will be presented at the Academy of Music in Greensboro next Wednesday night. It was our pleasure to see Messrs. Bertram and Willard, the authors of this popular play, in Greensboro yesterday and in behalf of them, who are so kindly remembered by our people, having at one time presented "Ye Singin' Skule" here, extend a hearty welcome to all High Point citizens to come down next Wednesday night and witness the play. Better secure your seats right away. A crowded house is expected. Tickets on sale at Jno. B. Fariss' drug store, Greensboro.

Will Hammond, who has been living in Randleman this summer, passed through yesterday enroute to Archdale.

August 15th is the date for the excursion from Asheboro to Wilmington. From present indications a good crowd will go from here and points on the Asheboro road. The fare will be very reasonable.

Mrs. Ring and daughter, of Winston, mother and sister to druggist W. A. Ring and brother, are in the city visiting.

"What were all those revenue officers doing in town Saturday evening?" is a question that has been asked more than once by inhabitants of this city. They tried to get eight or ten saddle horses for service and failing in their attempt left that night. From reports they were "armed to the teeth," with weapons of warfare.

Fred P. Moon and Tal Holton spent yesterday in Greensboro.

E. R. Carr passed through Saturday to spend Sunday at his home in Trinity.

Vernie Hedgecock entertained a number of young folks at a watermelon feast at his home Saturday night.

Advertising your business brings good results; this was our impression yesterday as we witnessed the unusual—a bootblack applying paste and brush to the feet of another rustic son of Ham. They "shined!"

On the train yesterday we noticed a rather queer looking man who was being critically eyed by the passengers. Some thought he had the small-pox—as his face was completely covered with pimples and sores—and gave him a wide range while they were discussing the situation. Neither did we feel at ease but did not take the trouble to approach him for information.

S. Cunningham, of South Carolina, was a guest of the city Saturday evening.

Kodol Dyspepsia Cure cures dyspepsia because its ingredients are such that it can't help doing so. "The public can rely upon it as a master remedy for all disorders arising from imperfect digestion."—James M. Thomas, M. D.; in American Journal of Health, N. Y. Howard Gardner.

Hoax—"Here's a doctor who says it's dangerous in this weather to run after trolley cars." Hoax—"H'm; I should think the danger lies in running before 'em."

Robbed the Grave. A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at C. E. Holton's drug store.

THE HOME LYCEUM.

A New Literary Club at Siler City. Other Local News.

Siler City, July 29.—On last Thursday night at the M. E. Church Dr. Cunningham, of Fayetteville, preached a most earnest and able sermon which was greatly enjoyed.

The night following, notwithstanding the inclemency of the weather, quite a large congregation assembled at the Baptist church where Rev. C. J. F. Anderson, pastor of the First Baptist church of Hertford, N. C., delivered a very eloquent and scholarly sermon.

Miss Nettie Matton, of High Point, a most charming young lady, much to the delight of her numerous friends and acquaintances, is visiting her friend Miss Mabel Hadley.

Prof. W. S. Snipes, principal of the Winston graded school, has for the past two weeks been visiting his sister Mrs. G. F. Lamb.

Last evening the Home Lyceum, a newly organized literary club, met at the home of Mr. F. M. Hadley where they were royally entertained. The program consisted of music, original papers and readings, and was as follows:

Song, by Misses Hadley, Siler and Matton and Messrs. Bray and Wrenn. Reading—"The Reckless"—Prof. Snipes. Paper—"A biographical sketch of Chas. Manly"—W. D. Siler.

Music. A miniature newspaper, edited by Misses Hadley and Matton and Mr. Siler.

Reading from David Horner—Miss Matton. Original story—"Miss Mabel Hadley After this a 'quotation contest' was participated in wherein Miss Sankie Gilbert won the first prize, a beautiful book. This completing the literary part of the program, the guests repaired to the conservatory and dining room where dainty refreshments were served.

Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. His head and body were a mass of sores, and his eyesight also became affected. No treatment was of any avail until we used S. S. S. After a few bottles he was cured, and his skin was as smooth as a baby's.

For real blood troubles it is a waste of time to expect a cure from the doctors. Blood diseases are beyond their skill. Swift's Specific.

S. S. S. For the Blood

reaches all deep-seated cases which other remedies have no effect upon. It is the only blood remedy guaranteed purely vegetable, and contains no potash, mercury, or other mineral.
